

Cookie handling description of National Deposit Insurance Fund of Hungary, (NDIF)

Visitors of NDIF's webpage can get access to information regarding the structure, tasks, and operation of NDIF, as well as the operations related news without providing any personal information. The NDIF webpage does not record any kind of personal information of the visitors.

However, like many other webpages the NDIF's page also uses cookies. These cookies let us to operate our webpage on a higher level to increase our visitors' satisfaction, as well as collection of anonymous visitor statistics to improve our service level regarding the usefulness of our page.

During the first page access the visitor must accept the cookie consent, a kind of a declaration regarding what sort of cookies the visitor allows to run besides the cookies necessary to the proper operation of the webpage, e.g. (preferences, statistics, and marketing cookies). This cookie panel appears at the bottom of the opening main page and the visitors can make their consent using that panel. After the consent has been made the cookie panel does not reappear again during the later visits of the webpage. Changing the cookie setting can be done with a new declaration. In order to do that, (to force the cookie panel to reappear again) the visitor has to delete the cookies regarding this webpage from his/her computer or mobile device, (see below the necessary setting of the different web browsers). After deleting the cookies, the cookie panel reappears again, and the modified consent can be made.

The stored cookies can be deleted from the browser of the device anytime, furthermore the browser can block the cookies from running (see below how to setup the cookie settings of different browsers). However, by blocking the cookies the visitor accepts that the operation of the page would not be necessarily perfect.
